About us

National Cooperative Dairy Federation of India Limited (NCDFI), established in 1970, is an apex body of dairy/oil cooperatives. Its members include federal dairy cooperatives of states / union territories and National Dairy Development Board (NDDB) as its institutional member.

The primary objective of NCDFI is to facilitate the working of dairy cooperatives through coordination, networking and advocacy.

Major activities of the NCDFI are: Coordination of milk and milk product supplies to Defence Services; Providing Online Marketplace for Dairy Industry; and working for genetic improvement of cattle.

Total business transacted by the NCDFI during 2017-18 was ₹ 2,057 crores.

Adoption of technology and its application to ensure better returns to dairy cooperatives and in turn to milk producers has been the primary focus of NCDFI. One such initiative is NCDFI eMarket which was launched on June 10, 2015.

NCDFI eMarket facilitates the bulk sales of dairy commodities and procurement of required Raw/Packing/Chemicals for Dairy/Cattlefeed plants. This platform ensures transparent, fair, economic and faster dealings for all the members.

NCDEX eMarkets Ltd (NeML), provides technical & Business Development support to NCDFI eMarket.

“

I am happy to share that Haryana Dairy Development Cooperative Federation Ltd, Panchkula (HDDCFL) is utilizing the services of NCDFI eMarket since April 2018 when HDDCFL had huge stock of SMP which resulted in blocked Working Capital. Farmer payments were also delayed due to shortage of funds. Realizing the fact that the eAuctions has varied advantages over the manual tendering system in terms of wider base of participation enabling competition, reduced time cycle in accomplishing the trades and transparent dealings; HDDCFL took a decision to route all of bulk sales/purchases of conserved dairy commodities through the NCDFI eMarket.

We auctioned 4,452 MT of SMP and 100 MT of White Butter in the month of May and June 2018 in a very transparent way. We were glad to see that our SMP quality created market and better remunerative prices were paid by prospective buyers. This was first time that HDDCF has sold such a large stock of SMP in the market. The services provided by NCDFI eMarket are very transparent and fair. I want to emphasize that this eMarket platform has considerably reduced the audit objections in Milk Cooperatives. I am happy to note that NCDFI eMarket has now expanded to other agricultural commodities, minerals, chemicals, sugar and packaging material.

I congratulate NCDFI for successfully entering into eMarket to help dairy cooperatives and wish them that they continue running this successful initiative for the ultimate benefit of milk producers which in turn help in dairy cooperatives in maximizing their profits.
