

ACTIVITY REPORT

OCTOBER 2021

About us

National Cooperative Dairy Federation of India Limited (NCDFI), established in 1970, is an apex body of dairy/oil cooperatives. Its members include federal dairy cooperatives of states / union territories and National Dairy Development Board (NDDB) as its institutional member.

The primary objective of NCDFI is to facilitate the working of dairy cooperatives through coordination, networking and advocacy.

Major activities of NCDFI are: coordination of milk and milk product supplies to defence services; providing online marketplace for dairy industry; and working for genetic improvement of cattle.

Total business transacted by NCDFI during the financial year 2020-21 was ₹ 4,661 crores.

The adoption of technology and its application to ensure better returns to dairy cooperatives and in turn to milk producers has been the primary focus of NCDFI. One such initiative is NCDFI eMarket which was launched on June 10, 2015.

The commodities being traded on NCDFI eMarket platform are Dairy Products, Cattle Feed Ingredients, Edible Oils, Fodder Seeds, Packaging Materials, Sugar, Chemicals, Scrap, etc., apart from various service contracts. The platform ensures transparent, fair, economic and fast dealings for all the members.

Conversion of Raw Milk into Butter & Skimmed Milk Powder (SMP)

Milk is a perishable product and hence cannot be stored for longer period of time. It's only the fat and solids-not-fat (SNF) portions that are storable.

Moreover, being produced on a daily basis milk doesn't really need to be stored much. Therefore, Dairies typically convert its fat into white butter or ghee and the SNF into SMP.

To avail the services, Dairy Cooperative having excess milk can approach NCDFI eMarket for Milk Conversion through e-auctions with customized terms.

Locations

Currently e-auctions are conducted for various locations at Tamil Nadu, viz Coimbatore, Dharmapuri, Namakkal, Salem, Tirupur, Tiruchirappalli, Tiruvannamalai and Villupuram.

Salient Features of eAuction for Milk Conversion

- Fast and User-friendly Platform
- Increased Transparency & Auditability
- Assured Quality Produce
- Competitive rates
