About us

The National Cooperative Dairy Federation of India Limited (NCDFI), established in 1970, is an apex body of dairy/oil cooperatives. Its members include federal dairy cooperatives of states / union territories and the National Dairy Development Board (NDDB) as its institutional member.

The primary objective of the NCDFI is to facilitate the working of dairy cooperatives through coordination, networking and advocacy.

Major activities of the NCDFI are: coordination of milk and milk product supplies to defence services; providing online marketplace for dairy industry; and working for genetic improvement of cattle.

Total business transacted by the NCDFI during the financial year 2021-22 was ₹ 6,305 crores.

The adoption of technology and its application to ensure better returns to dairy cooperatives and in turn to milk producers has been the primary focus of the NCDFI. One such initiative is NCDFI eMarket which was launched on June 10, 2015.

The commodities being traded on the NCDFI eMarket platform are Dairy Products, Cattle Feed Ingredients, Edible Oils, Fodder Seeds, Packaging Materials, Sugar, Chemicals, Scrap, etc., apart from various service contracts. The platform ensures transparent, fair, economic and fast dealings for all the members.
