Commercial bids will be opened electronically of only those bidders whose Technical Bid (Part-I) is found to be acceptable by NDS. Such bidders will be intimated regarding date of opening of Part II-Commercial Bid separately.

The NDS will examine the bids to determine whether they are complete, whether the requisite EMD have been furnished, whether the documents have been properly uploaded, and whether the bids are generally in order.

2.23 Preliminary Evaluation

The Procuring Agency will examine the technical bids to determine whether they are complete, whether required supporting documents have been furnished, and whether the bids are generally in order.

The Procuring Agency will also examine whether the bid is complete. If the prices of certain item are found as "0" ("ZERO") it will be presumed that the bidder has included the cost of these items against some other items of the price bid. The bidder shall furnish/upload the details of such inclusions separately.

If the Procuring Agency considers that with these omissions, the offered services is not functional, then the bid will be treated as incomplete and non-responsive.

Arithmetical errors – Not Applicable

Prior to the detailed evaluation, the Procuring Agency will determine the substantial responsive to the bidding documents. For purposes of these clauses, a substantially responsive bid is one, which conforms to all the terms and conditions of the Bidding Documents without material deviations. A material deviation is one which affects in any substantial way the functionality, scope, quality or performance of the deliveries or which limits in any substantial way inconsistent with the bidding documents, the Procuring Agency's rights or the bidder's obligations under the contract and the rectifications of which deviations would affect unfairly the competitive position of other bidders presenting substantially responsive bids. The Procuring Agency's determination of a bid's responsiveness is to be based on the contents of the bid itself without recourse to extrinsic evidence.

A bid determined as not substantially responsive will be rejected by the Procuring Agency and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

The Procuring Agency may waive any minor informality or non-conformity or irregularity in a bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of the Bidder.

2.24 Evaluation and Comparison of Bids

- a. The Procuring Agency will evaluate and compare the bids previously determined to be substantially responsive, pursuant to Clause 2.23 No bid will be considered if the complete requirement covered under the scope of work is not included in the bid. The unit price quoted should be after considering the discount, if any.
- b. The evaluation and comparison of bids will be done on the basis of quoted prices inclusive of applicable taxes and duties as mentioned in price schedule.

2.25 Bid Prices

- a. The Bidder shall indicate on the Price Bid at NCDFI e-Portal the final unit prices (after considering discount, if any) of the goods it proposes to supply under the Contract. Bidders must submit a bid for the full quantity specified under technical specifications, failing which, such bids will not be considered for evaluation and comparison and will not be considered for award. The item wise quoted price should be inclusive of applicable GST.
- b. The item wise price of goods/services to be entered in the NCDFI e-portal shall be on FOR site basis inclusive of applicable GST, but including the charges for packing and forwarding, transportation, transit insurance and all other local costs incidental to delivery of goods/services to their final destination, storage cum erection insurance and safe custody at site.
- c. Please note that it is recommended for the supplier to indicate a single applicable GST rate, as in many cases items may be procured on a composite basis, and a uniform GST rate would apply.

It should also be noted that the price evaluation of each item will be based on the total price inclusive of GST, irrespective of the GST rate quoted by the supplier. No price increase will be entertained after bid submission, and if the bidder refuses to honor their quoted price after the price bid is opened, their EMD may be forfeited.

For example, if a supplier quotes a unit price of ₹100 with an applicable GST of 18%, the total price including GST would be ₹118. However, if the actual applicable GST as per the HSN code is 28%, the purchaser will reverse-calculate the base price from ₹118. In this case, the basic price would be ₹92.1875, and 28% GST on that amount (₹25.8125) would again result in ₹118.

Hence, the price including GST (₹118 in this example) will be considered for evaluation purposes. Bidders are advised to quote accordingly.

2.26 Prices indicated on the Price Bid shall be entered in the following manner:

- a. The item wise price of goods to be supplied/installed and commissioned shall be on FOR site basis inclusive of applicable GST. The item wise price shall also include the charges for packing and forwarding, transportation, transit insurance and all other local costs incidental to delivery of the goods to their final destination, storage cum Erection insurance and safe custody at site.
- b. The Bidder's separation of price components in accordance with above will be solely for the purpose of facilitating the comparison of bids by the Procuring Agency and will not in any way limit the Procuring Agency's right to contract on any of the terms offered.

2.27 Fixed Price

Basic Price quoted by the Bidder shall be fixed during the bidder's performance of the Contract and not subject to variation on any account. A bid submitted with an adjustable price quotation for such goods and services will be treated as non-responsive and rejected.

2.28 Price Break-up

Bidders shall furnish the price for the supply and for installation/ commissioning along with detailed cost break-up (item wise), which will be applicable for progressive payments. Items and works for which no break-up price is furnished by the bidder will not be paid for by the Procuring Agency when supplied/executed and shall be deemed covered by the other break-up prices.

However, for evaluation purpose, prices quoted as indicated in Para 2.25 above only will be considered.

Notwithstanding anything stated elsewhere in the bidding documents, irrespective of mode of the contracting with the

successful bidder, the successful bidder will be liable for the payment of Indian Income Tax, surcharge on Income Tax and any other Corporate Tax, turnover tax etc. if attracted under the provisions of the law. The Procuring Agency shall not bear any tax liability whatsoever irrespective of the mode of contracting

2.29 Contacting the Procuring Agency

- a. Subject to Clause 2.23, no Bidder shall contact the Procuring Agency on any matter relating to its bid, from the time of the bid opening to the time the Contract is awarded.
- b. Any effort by a Bidder to influence the Procuring Agency in the Procuring Agency's bid evaluation, bid comparison or contract award decisions may result in the rejection of the Bidder's bid. On the severity of the action bidder may be blacklisted for a period of one year.

2.30 Post Qualification

- a. In the absence of pre-qualification, the Procuring Agency will determine to its satisfaction whether the Bidder selected as having submitted the lowest evaluated responsive bid is qualified to satisfactorily perform the Contract.
- b. The determination will consider the Bidder's financial, technical and servicing capabilities. It will be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder, pursuant to Clause 2.13, as well as such other information as the Procuring Agency deems necessary and appropriate including details of experience and records of past performance.
- c. An affirmative determination will be a prerequisite for award of the Contract to the Bidder. A negative determination will result in rejection of the Bidder's bid, in which event; the Procuring Agency will proceed to the next lowest evaluated bid to make a similar determination of that Bidder's capabilities to perform satisfactorily.

2.31 Award of Contract

Purchaser will award the contract to the successful bidder whose bid has been determined to be substantially responsive and has been determined as the lowest evaluated bid provided further the bidder is determined to be qualified to perform the contract satisfactorily as per clause 28.

- **Bid** will be evaluated on **overall** basis.

- **Quantity Allocation Structure**

A. **50% Firm Allotment to L1:**

The bidder who is technically qualified and has the lowest evaluated price (L1) is guaranteed at least **50%** of the total tendered quantity.

B. **Balance 50% – Conditional Allotment:**

- The remaining **50%** *may* be offered to the next lowest bidders (L2 and L3) if they:
 - Are technically qualified,
 - Accept the L1 rate,
 - And in case both accept, L3 cannot get more than L2.

C. **If L2/L3 Declines:**

- If L2 or L3 declines the offer, the chance can be given to the next bidder in ranking (only up to L4,etc.), but still at the L1 rate.

☐ **Procuring Agency's Discretion:**

- The Procuring Agency:
 - Has the final say in whether to actually share this 50% with other bidders.
 - May decide to give the entire 100% to the L1 bidder if it believes this is better for operations.

c. **Role of Milk Producer Companies (MPOs)**

The total quantity indicated in the tender is intended for procurement by **multiple Milk Producer Companies (MPOs)**.

Accordingly, **Purchase Orders (POs) shall be issued by the respective MPOs** based on their **individual requirements**, as detailed in **Annexure-1 of Section 5 (Delivery Schedule)**.

d. **MPOs/Procure Agencies Discretion in Quantity Distribution**

The **issuance and distribution of quantity by each MPOs/Procure Agency Discretion** remains entirely **at the discretion of procuring agency**. **Procure Agency** may choose to place POs with L1, L2, or L3 bidders (as applicable) or refrain from doing so, provided that **a minimum of 50% of the total quantity** across all MPOs shall be awarded to the **L1 bidder** in line with clause A, B and C.

Please note that it is recommended for the supplier to indicate a single applicable GST rate, as in many cases items may be procured on a composite basis, and a uniform GST rate would apply.

It should also be noted that the price evaluation of each item will be based on the total price inclusive of GST, irrespective of the GST rate quoted by the supplier. No price increase will be entertained after bid submission, and if the bidder refuses to honour their quoted price after the price bid is opened, their EMD may be forfeited.

For example, if a supplier quotes a unit price of ₹100 with an applicable GST of 18%, the total price including GST would be ₹118. However, if the actual applicable GST as per the HSN code is 28%, the producing agency will reverse-calculate the base price from ₹118. In this case, the basic price would be ₹92.1875, and 28% GST on that amount (₹25.8125) would again result in ₹118.

Hence, the price including GST (₹118 in this example) will be considered for evaluation purposes. Bidders are advised to quote accordingly.
