

NDDB DS	CORRIGENDUM-1 Dt. 21.08.2026	IFB REF : 2026- 27/JICA/NDS/MPO /05/Milk Can
---------	--	---

Corrigendum- 1

IFB Reference No - IFB Ref: 2026-27/JICA/NDS/MPO /05/Milk Can

Description of Work: Supply and Testing of Different types of Aluminum Milk Can.

Please note the following changes in the bidding document.

Pre Bid Query	Query	Clarification
Bid Validity / Price Validity	The tender document mentions a bid validity period of 120 days. We would like to understand whether the quoted prices will remain fixed only for this 120-day period. In case any MPO places an order or requires delivery of the material beyond the 120-day period, would the quoted prices continue to remain fixed, or would price escalation be applicable after the expiry of the bid validity period? Or which price will be considered?	Bid validity period will be for a period of 120 days from the date of Bid opening. During this period MPO can issue the PO but delivery period will be within 30 days from the date of issuance of PO (as per tender document)
Allocation of Quantity	As mentioned on Page No. 7 of the tender document, 50% of the quantity will be allotted to L1, while the NDs may allot the balance quantity to L2 and L3. In this regard, kindly clarify whether L2 and L3 bidders will necessarily be allocated any quantity, or whether the allocation of the balance quantity to L2 and L3 will be at the sole discretion of the NDS.	As per tender document, Page No.7, Procuring Agency's Discretion: The Procuring Agency: Has the final say in whether to actually share this 50% with other bidders. Allocation of the balance quantity to L2 or L3 will be at the sole discretion of the NDS. May decide to give the entire 100% to the L1 bidder if it believes this is better for operations.

Note:

1. The above corrigendum shall form part of the bidding document. All other terms & conditions shall remain unchanged.
2. The bidders are requested to submit their bids before the due date and time.
